ALDI ANUGRAH

AI Trainer | Data Annotator | Graphic Design | Photography & Videography

+62 896 5320 0363 · sajaa8237@gmail.com · linkedin.com/in/aanugrah · Bandung, Indonesia

PROFESSIONAL SUMMARY

AI Trainer and Data Annotator with experience in AI training, data annotation, transcription, and evaluating AI-generated content. Strong attention to detail, analytical thinking, and communication skills, with additional experience in creative content, photography, videography, and digital media.

PROFESSIONAL EXPERIENCE

AI Data Trainer· DataAnnotation *(Freelance)* May 2026 – Present · Remote

- Labeled and annotated bilingual data sets for machine learning models.
- Exceeded deadlines for data annotation projects maintaining a high level of accuracy and attention to detail.
- Identified and flagged any errors or inconsistencies, in data sets contributing to overall improvement of data quality.
- Worked on projects that help to shape language models through prompt creation response evaluation and edits. - Trained language models to create natural and context-aware outputs.

User Experience Expert · Mercor *(Freelance)* Jul 2026 – Aug 2026 · Remote

- Worked on AI evaluation and quality analysis projects through Mercor, contributing to the improvement of AI model performance and response quality. My work involved reviewing and evaluating AI-generated outputs based on detailed guidelines, identifying inconsistencies and errors, and providing structured feedback to improve model accuracy, relevance, and overall user experience.
- I also worked on tasks involving data annotation, language evaluation, and quality assurance, requiring strong attention to detail, critical thinking, and consistency when handling large volumes of AI-generated content.

AI Data Trainer · Outlier *(Freelance)* Jan 2026 – Jun 2026 · Remote

- Evaluated AI-generated responses to user prompts, meticulously comparing and analyzing various outputs to assess the performance of AI models.
- Provided constructive feedback and guidance to improve the accuracy, fluency, and naturalness of AI-generated responses, ensuring alignment with user expectations.
- Successfully identified and addressed key weaknesses in AI models, leading to a substantial reduction in errors and inconsistencies in generated content.
- Developed and implemented of an innovative evaluation framework, resulting in a significant improvement in AI response quality and user satisfaction.

Profesional Photographer · PT. Sinergi Awan Nusantara Feb 2025 – Feb 2026 · Kuningan

- Photographed fashion and commercial products, including clothing, hats, and other merchandise, for promotional and marketing purposes.
- Conducted model photography to showcase clothing and fashion products in visually appealing settings.
- Planned and arranged product compositions, lighting, and shooting angles to achieve high-quality visual results.
- Collaborated with models and team members to ensure products were presented naturally and professionally.
- Edited and retouched photos to enhance image quality, color, lighting, and overall visual consistency.

Document Contributor · Studydrive *(Freelance)* Jan 2024 – Jul 2025 · Remote

- To develop self-paced digital educational materials of verified quality, while also building an archive of lecture notes that is useful and widely accessible to fellow students.

Social Media Marketing Specialist · Sangkanika Edu Garden Jan 2024 – Des 2024 · Kuningan

- Visual & Video Production: Planned creative concepts, directed photo/video shoots for products, venue ambiance, and agro-tourism activities (e.g., educational field trips, fruit picking), and executed post-production editing for promotional short-form videos (Reels/TikTok).
- Graphic Design: Designed compelling promotional graphics, digital menus, and informative visual assets aligned with brand identity.
- Content Strategy & Management: Developed editorial content calendars, wrote persuasive copy, and actively engaged with the audience via comments and direct messages.

Document Contributor · Studocu *(Freelance)* Feb 2023 – Jul 2024 · Remote

- To develop self-paced digital educational materials of verified quality, while also building an archive of lecture notes that is useful and widely accessible to fellow students.

EDUCATION

Graduated 2025 · Kuningan

Bachelor of Education · *Universitas Muhammadiyah Kuningan*

- **GPA 3.50/4.00** -

PROFESSIONAL DEVELOPMENT

Microsoft Elevate - Data Science · Training Center Feb 2026 – Mar 2026

Intensive English & IELTS Preparation · Desa Inggris Bandung Nov 2025 – Feb 2026

SKILLS & COMPETENCIES

AI & Machine Learning: Python (Pandas, Scikit-learn, Matplotlib), LLM Evaluation, Prompt Engineering, Deep Learning (LSTM, FastText),
AI Quality & Testing: LLM/AI Quality Assurance, Hallucination & Bias Detection, Data Annotation & Validation, Model Performance Benchmarking, Red-Teaming & Adversarial Testing
Data & Analytics: SQL, Tableau, Power BI, Metabase, Google BigQuery, Advanced Excel
Graphic Design: PhotoShop, Coreldraw, Canva
Editing Video/Photo: Lightroom, Adobe Premiere, Capcut
Photography & Editing: Commercial & Product Photography, Lighting Setup, Photo Retouching, Adobe Lightroom
Languages: Indonesian (Native), English (Professional)
